

Dig Safe - Carter

Week to week, with single steps
Drying up, no money or rest
Just sleep it off and try to try
Another month, another year goes by

Home alone, to eat and stare
To sink into, into repair
Tread the edge, and make a go
The sun comes up, I wish the night would slow

Drink it in
Call the drop
Just dig safe
Don't ever stop

Drink it in
Call the drop
Just dig safe
Don't ever stop

Bloodied up, with bruises deep
Lying flat, but not to sleep
Peering out the window scene
For stars aglow and all the dreams between

Up and out, beyond today
We breathe and breathe, to ride and play
Time it out, you never can
The story goes without a plan

Drink it in
Call the drop
Just dig safe
Don't ever stop

Drink it in
Call the drop
Just dig safe
Don't ever stop
