### UCLA Athletics Launches Comprehensive Military Appreciation Initiative

In appreciation of the sacrifice that members of the military make for each one of us, UCLA Athletics is proud to introduce a brand-new military appreciation initiative.

Beginning with the 2018-19 athletic year, all active duty members of the military, veterans of each of the five branches of our military, and their families will be eligible to receive a **50% discount** on tickets at each UCLA home sporting event. UCLA Baseball will remain completely free to all active duty military and veterans.

For the first time, through our partnership with GovX, military appreciation tickets will be available online in advance of the event, rather than just on gameday.
