

GOOD NEIGHBOR RESPONSE

A monthly infographic on Homeless Services in Hawthorne, CA

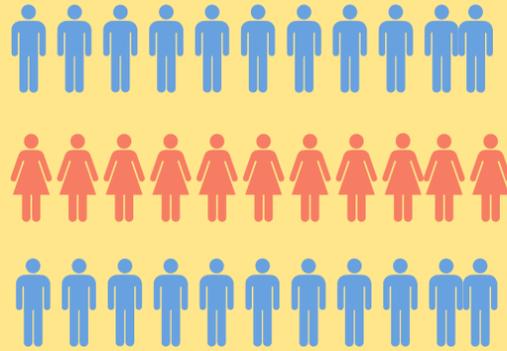

AUGUST 2020

Reporting periods 08/01/20-08/31/20

43

INDIVIDUALS SERVED

People Experiencing Homelessness (PEH) and at-risk individuals helped with service coordination, referrals, street outreach, and system linking via-CES system

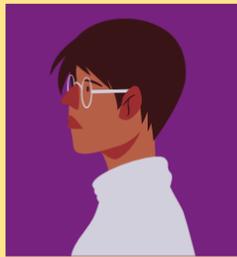

STREET OUTREACH ENGAGEMENTS

10+

Street outreach engagement involves moving outside the walls of the agency to engage with people experiencing homelessness who may be disconnected and alienated not only from mainstream services and supports, but from the services targeting homeless persons as well. This is incredibly important work designed to help establish supportive relationships and enhance the possibility that they will access necessary services and supports that will help them move off the streets.

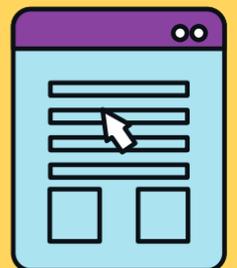

8

HMIS PROFILES CREATED

A Homeless Management Information System (HMIS) is a countywide information technology system used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness.

9

COORDINATED ENTRY SYSTEM (CES) VI-SPDAT ASSESSMENTS COMPLETED

The Coordinated Entry System (CES) facilitates the coordination and management of resources and services through the crisis response system. CES allows providers to efficiently and effectively connect people to interventions that aim to rapidly resolve their housing crisis. Based on a wide body of social science research, the VI-SPDAT is an intake and case management tool that helps service providers allocate resources in a logical, targeted way.
