

Sleep Disorders Dentistry Advanced Dental Sleep Medicine

This is a unique program. The small class size allows for an in-depth, interactive environment that facilitates attendee participation including case presentations. Practical applications of patient management in sleep and with co-morbidity management, and an honest look at occlusion and dealing with occlusal changes. Recommended for those practitioners who are already practicing dental sleep medicine.

Dr. Barry Glassman

Includes Membership to SleepDisordersDentist LinkedIn Group:
Exchange information and discuss difficult cases with Dr. Viviano, other course attendees and other members of the group; an "Invitation Only" on-line study club

Learning Objectives:

- Review of Sleep Medicine principles
- Summary of new developments in Sleep Medicine
- Dealing with stumbling blocks in Dental Sleep Medicine
- Dealing with internal practice management and staff issues
- Coordinating care with our medical colleagues
 - Initial Visit – Insertion – Management - Follow-up
- Use of Home Sleep Tests to guide titration
- Handling side effects - muscle, joint & ligament insertion injuries, as well as occlusal and mandibular change
- Diagnosis, management and prevention of these side effects
- Complicated Case Presentations - Attendee is also invited to bring a case(s) to review
- Bruxism and parafunctional control
- The relationship between pain and sleep
- Extensive review of current literature
- Learn to read and interpret ambulatory studies

Recommended for those practitioners who are already practicing dental sleep medicine. This is an excellent "refresher course" that also probes more deeply into the practice of Dental Sleep Medicine.

You will be sent a link to download literature that will be reviewed during the program and you will be assigned ONE article to review and be prepared to present at the program to the other Attendees.

Sleep Disorders Dentistry Attendee Testimonials...

4-Day Mini Residency: "I have taken many courses on sleep in the past 5 years. This is the best by far. Very comprehensive, knowledgeable instructors with lots of experience."

Michel Fancelli DDS - Longueuil, Quebec, Canada

2-Day Advanced Sleep: "This course is a must for anyone who is seriously considering treating this serious medical condition with oral appliances. Dr. Viviano is a captivating and very knowledgeable speaker."

David Stern DDS D, ABDSM – Richmond Hill, Ontario, Canada

4-Day Mini Residency: "This course makes you totally qualified to treat OSA by giving you both knowledge and practical hands-on about OSA appliances. A must course for all dentists!! If you care for your patients!! It gives you all the confidence, knowledge and Hands-on needed."

Joseph Alaby DDS - Saint-Lambert, Quebec, Canada

4-Day Mini Residency: "This is my third time taking a multi-day course on Sleep Apnea. This one, by Dr. Viviano, is by far the most thorough, most science based, most up to date, most implemental course I've taken. Thank you for all the knowledge!"

Yamen Ghamian DDS - Ottawa, Ontario, Canada

2-Day Advanced Sleep: "Excellent course. Reviewed areas of existing knowledge and added many new ideas and concepts."

Joe Albert DDS D, ABDSM – Lynwood Edmonds, WA, USA

4-Day Mini Residency: "I feel confident that I can implement a sleep dentistry program in my office after attending this residency and I have zero experience prior to attending."

Shawn Van De Vyver DDS - Royal Oak , MI, USA

4-Day Mini Residency: "I was unsure about committing to a 4 day Mini Residency on sleep dentistry initially. This course far surpassed my expectations! Dr. Viviano presented a thorough course complete with detailed forms and information to help implement this modality into my practice immediately."

Gary Klein DDS - Toronto, Ontario, Canada

4-Day Mini Residency: "Very engaging speaker. Course content is so relevant to any general practice and will allow you to offer sleep dentistry to your patients immediately."

Janice Lee DDS - Mississauga, Ontario, Canada

4-Day Mini-Residency: "An intense, thorough education and training about an undertreated and growing health crisis. Dr. Viviano's passion and depth of knowledge was enthusiastically delivered. I learned more than I bargained for. I highly recommend this course."

Steve Rosenblat DDS - Oakville, Ontario, Canada

2-Day Advanced Sleep: "Excellent course; both didactic and practical. John Viviano makes it fun and shares his science based experience well."

Tunde Pal DDS - Toronto, Ontario, Canada

2-Day Advanced Sleep: "Very informative! Great way of presenting and breaking down a lot of material in a manner that's understandable and less overwhelming. Can't wait to get started on the journey. Thank you John!"

Lynn Bazarin MSc DDS - Whitby, Ontario, Canada

2-Day Advanced Sleep: "A very informative, thorough and comprehensive course. The course is relevant and I will be able to apply many of the newly learned items into my clinical practice on Monday morning. Thank you."

Promila Mehan DDS - Cambridge, Ontario, Canada

2-Day Advanced Sleep: "Dr. Viviano gives a great course for those who want a more in depth education on the treatment of OSA with Oral Appliances. I have attended many sleep courses and a Mini Residency but felt I needed a refresher and I got a great one. I am amazed at how fast things evolve in this discipline. The course has great content, manuals, blogs etc. I learned a lot."

Robert Anderson DDS - Placerville, California, USA

2-Day Advanced Sleep: "One of the most comprehensive and thorough courses on Sleep Apnea I have had the privilege to attend. This will significantly improve my care for my patients!"

James Cunnington DDS - MAGD Port Townsend, Washington State, USA

4-Day Mini Residency: "My expectations were exceeded with this course. There was so much valuable information presented and so many resources were provided for me to bring home. The instructors were incredibly knowledgeable, generous and comprehensive. I feel ready to begin helping my patients right away."

Carrie Pumphrey DDS - Shelbyville, Indiana, USA
