Pharmaceutical

The TW Hicks decorative vinyl flake flooring system is an aesthetic, easy to clean, seamless floor consisting of a clear epoxy binder, broadcasted with multi-colored vinyl chips and sealed with transparent or UV stable topcoats. The system is highly customizable with an extensive color palette and variable application thicknesses. Final surface options include: integral cove base and variable surface texture to produce a range of slip-resistant finishes.

Where To Use

- Pharmaceutical laboratories, production rooms, and offices
- Hospitals, laboratories, and health care facilities
- Chemical storage areas
- Slip and fall areas

Advantages

- A seamless surface that is easy to clean and maintain
- Durable, impermeable, and seamless
- High abrasion and impact resistant
- Optional integral base and curbs can be installed without seams or joints
- A highly customizable aesthetic multi-colored finish
- Variable surface texture to produce a range of slip resistant finishes
