Discussion Questions

1. What types of things cause you to doubt, become confused, or fear in regards to your salvation? How has God broken through to you in those moments?
2. Joe defined salvation as "God with us." What does that mean? How do you experience that from day to day? How do you encourage others in this?
3. What are some of the false assurances that we tend to trust in? What makes these "assurances" not ultimately trustworthy?
4. If assurance is based on the witness of the Spirit, is it a completely subjective feeling?
5. How have the "means of grace" grown and strengthened your faith? Which of the "means of grace" has been especially powerful in your life?
6. Which of the "fruits of the Spirit" have been most difficult for you? Where have you seen the Lord growing those fruits in your life?
7. How have you seen the Spirit at work in one another's lives? What encouragements could you give one another?
