

Your Word, My Life [Lyrics]

Benjamin Shafer

V1

Wash me in the water of your word again
Wash me in the water of your word
Let all my shame be swept away
Wash me in the water of your word
Cause It's my life

V2

Bring me revelation from your word again
Bring me revelation from your word
So I know you for
who you really are
Bring me revelation from your word
It's my life

Oh, where else would I go
If you and you alone
hold the words of life

Im alive because

Your words my life
Your words my life

Feed me with the mana of your word again
Feed me with the mana of your word
theres a hunger pain
only you can reach
feed me with the mana of your word
it's my life

and the word is living
Jesus your the word
and the word is life
