

As your partner in design and production, AKS offers shorter time to market and lower costs to our customers through technology and innovative research, design and manufacturing.

AKS OFFERS:

- Telecommunications EMI/RFI solutions
- Research and development in EMI/RFI solutions
- Products:
 - Telecommunications shielding devices
 - Chassis EMI/RFI shielding solutions
 - Hand-held electronic shielding solutions
 - Board-level shielding solutions

We offer our knowledge and design expertise to help customers research and develop low-cost solutions that are efficiently manufactured. Through our innovation and creativity, AKS has been awarded many patents.

Patents Include:

- EMI Finger Design (patent applied for)
- EMI Internal Wall (patent applied for)

MANUFACTURING CAPABILITIES:

- Precision, thin-gauge stamping and forming
- Cutting edge computerized engineering, toolmaking and manufacturing technologies
- Robotic and automated wire EDM systems
- Chemical etching
- Laser cutting
- Assembly of simple to complex assemblies
 - Riveting
 - Spot welding
 - Laser welding
 - Hydraulic insertion
 - Degreasing
 - Plating
 - Labeling and bar coding
 - Silk-screening
 - Painting
- Tape-and-reel packaging

The Quality Advantage

www.akstamping.com

PRODUCT CAPABILITIES:

- Wireless Shielding Solutions
- Bracket Solutions through Globe Sales and Marketing
- Telecom Hardware Solutions
- Computer/Electronics Solutions

AKS CAPABILITIES:

- Research and Development
- Design Expertise and Support
- Project Management
- Quality
- Customer Service
- Tooling
- Interim Production
- High Volume Production
- Assembly

WORLD HEADQUARTERS:

AK Stamping Company Inc.
Globe Manufacturing Sales
1159 U.S. Route 22
Mountainside, New Jersey 07092
U.S.A.
