

Social Innovation @ Ivey

3 March 2015 | www.iveysi.com

Our 6th Annual Forum

With financial support from the **RBC Foundation** and community support from **Pillar Nonprofit Network**, Ivey's Center for Building Sustainable Value presents Social Innovation @ Ivey 2015.

An annual event convened by Professor Oana Branzei, this year's forum features 10 social innovators spanning sectors and generations. This year's theme is CHANGE. We explore new ideas and try on proven recipes, learn how to lead with triple strength, collaborate across sectors, master inspiring stories, and move ourselves and others to take action.
