

Tuljak

The whole parish was brought together,
the county was invited;
visitors from all societies -
The Viju major with his wife was asked!
Tonn, the appropriate groom,
courted Manni for himself,
Manni, a very deft maid is marrying Tonn.

The wedding party is splendid, with fifty kegs
of booze,
wedding stuff was brought together
so much as was received.
Ducks, geese were seared
I think more than a thousand
a whole host of guns were shot
in honor of the wedding hullabaloo.

Does sometimes the moon shine
or do I see the stars or the sun shining?
Oh life, oh beauty, see Tonni and Manni -
together hand in hand.
Young Manni is making fun, then Toni the
groom laughs
'til water runs down his cheek.
Oh life, oh beauty, eyes are shining, the
weather is beautiful,
oh to go through life the same way!

Let's roll out the Viru waltz,
we want to dance.
The good tunes of Tuljak should resound,
it makes the blood boil.
the music stirs the senses, the dance spins the
heads
The boy calls, and Mother wants to go
dancing.
But why is he shivering, and jumping so inside
the heart,

when a big man pushes us to embrace.
"Women do not be ashamed of us women,
we could court you in our own time.
A nice horse neighs in the stable, I also have a
nice sleigh,
and a rich farm of which I will be master."

"Hey dear daughter-in-law's mother!"
"What do you want Tonni's father?"
"The dance is good, the music is great!"
"Then let's go dance"
Heyday!
Tonni's father took Manni's mother to dance!
Father with mother!
Let us live!
