a resumé for Alexander Mayes

hello.

A creative designer who specializes in telling visual stories and creating engaging experiences. Strengths in Brand Identity, Motion Graphics, UI/UX, Web Design, iOS/Android App Design, Image Manipulation, Digital Illustration and Typography.

Additional skill sets include photography, layout, and print production. A confident and passionate designer when it comes to starting and finishing a project.

Thrives off of collaboration and is inspired by innovative thinking.

Has the ability to concept ideas and communicate them well. Can develop creative strategies and campaigns that will be sustainable. Stays up to date on new technology and enjoys doing so. A geek at heart that carries a rather large cloud of ideas and is eager to express them.
