

TALON 540

VOLUME 9, ISSUE 11

Put on Your Armor...

Because we are going to battle!

This weekend, TALON 540 will be heading southwest to attend our first of two district competitions! We have prepared long and hard for this moment and are very excited to showcase our robot, TALON 9.0.

It is also our inaugural year competing through a district model, rather than the previous regional model. Although we are inexperienced with this new system, we look forward to the opportunity of competing in more competitions. The year 2016 is a special year, in that it is our sixteenth anniversary! With an innovative robot and an even better drive team, we plan on bringing home the Holy Grail! #montypython

FIRST Chesapeake District Competition

March 11th - 13th

Blacksburg High School

3401 Bruin Lane, Blacksburg, VA 24060

Come support TALON 540 on March 12th and 13th!
