

KTC LEARNER AGREEMENT

Manual Lymph Drainage (MLD) Certification Course

The following agreement is made between the participant registering for the Manual Lymph Drainage (MLD) Certification course as indicated on the registration form and Klose Training & Consulting, LLC (hereafter KTC).

Confirmation

After acceptance into the program, each participant will receive a confirmation letter indicating the exact start and end times as well as pertinent information about the course location.

Class Times

A total of 45 hours of classroom instruction is provided in the KTC MLD Certification Course over a 6-day period. Usual class hours are Monday through Friday 8:00 a.m. – 5:00 p.m. and Saturday 8:00 a.m. – 2:00 p.m. However, days and times may vary. For exact class dates and times, please refer to the information provided in your confirmation letter.

Tuition & Refund Policy

The total tuition for the course is \$950.00 unless discounts are offered by the host facility. A deposit of \$100.00 is required at the time of registration and will hold your spot until the total amount is due three (3) weeks prior to the first day of class. Please note that \$100.00 of the deposit is non-refundable. The total amount of your tuition will become non-refundable after the class has started regardless of the reason for withdrawal or dismissal.

Attendance

100% attendance by each participant is required. Additional hours for homework are typical. All students must be in class on time. Students who miss more than five (5) hours of the MLD Certification Course may not be permitted to take the final exam and subsequently will not receive a Certificate of Completion.

Certificate of Completion

In order to receive a Certificate of Completion at the end of the MLD Certification Course, tuition must be paid in full, all required documentation must be submitted, and the participant must pass both the written and practical exams as required by the instructor. KTC will gladly replace lost or damaged certificates at the request of the student. The first replacement certificate is complimentary; additional replacement certificates will be subject to a \$15.00 fee plus the cost for postage.

Scope of Certificate/Certification

This MLD certification is not a “stand-alone” certification. Therapists treating clients with MLD must be in possession of an active license/diploma and work in compliance with the scope/guide of practice set forth for their profession by the state, county, and/or municipality in which they work. While the purpose of this course is to prepare the participant to safely and effectively work with and/or on patients using MLD, MLD certification must be regarded as adjunct to your existing professional license/diploma, e.g. your massage therapy license.

Cancellation of Classes

If a course is cancelled due to an insufficient number of registrations as determined by KTC, all moneys received will be refunded or transferred to another class as elected by the registrant. In case of cancellation of the class for any other reason, such as the instructor falling ill, a new course will be scheduled and all payments will be transferred.

Dismissal

Any participant may be dismissed from the program for insufficient progress, non-payment of tuition, or non-attendance. No tuition will be refunded. Reinstatement following dismissal is up to the discretion of the instructor.

Failing the Course

While KTC has a very high success rate in our MLD Certification Courses, occasionally, a student is unable to satisfactorily pass the written and/or practical exams. Failing students will not receive a Certificate of Completion. However, they will be allowed to repeat the course **one (1) additional time within one (1) year** at no tuition expense to re-learn the concepts of MLD and attempt to satisfactorily complete the exams. Should the participant fail to retake the course within one (1) year from the time of the original course or fail to complete the course successfully a second time, the student will be required to pay full course tuition again if they choose to retake the course at a later time. Any tuition discount for a student repeating the course a third time is at the sole discretion of KTC.

Purpose of Training/Non-Compete

The student agrees that the purpose of the Klose Training Manual Lymph Drainage Certification Course is to provide training and certification in the procedures known as Manual Lymph Drainage. The student shall not, under any condition, solicit for competing purposes, the training and certification of other therapists. Although the student is encouraged to distribute information about the benefits of MLD, the student shall not be permitted to train nor certify any other person in MLD and/or CDT unless granted instructor privileges under KTC guidelines.
