b. Steve Hamelin reported that on October 2nd SMTD will be participating in an Airport Disaster Project. Operations will also be coordinating with Bill Stokes for a Springfield Marathon Emergency Plan taking place on October 20th. Mr. Hamelin informed the board that Carolyn Fickas, a Main Line driver, had a passenger who suffered from a heart attack while on the bus. Ms. Fickas, as well as two other passengers, handled the situation very well and were able to get the rider emergency medical treatment in time. Ms. Fickas and the two assisting passengers will receive
accommodations for their outstanding ability to handle this emergency situation. Mr. Hamelin is coordinating a defensive driving course for SMTD drivers and other area transit agencies and will provide further details at a later date.

c. Diane Townsend deferred to Shoun Reese to give updates on the Grants and Procurements Department. Ms. Reese informed the Board that the Fleet-net Training on the Contract Module was completed and went well. Now that the system has been updated with the information Ms. Reese compiled, she and Erin Appenzeller must complete all the data entry. The department currently has 40 projects in the procurement queue and will meet with Earl Amos to prioritize items for maintenance and with Diane Townsend to prioritize contracts expiring between now and April 2014. Ms. Reese was able to get the FY2013 grant awarded and the operating funds drawn down before the FTA website shutdown scheduled for September 24th. According to IDOT, SMTD’s capital projects submitted under the Downstate Transportation improvement fund are under review and a contract should be ready by late October or early November. This grant will provide funds for the electronic fare boxes as well as additional buses. Brian Brewer inquired when the fare boxes might be completed. Ms. Reese explained that the funding is in the final stages with IDOT. Finally, Ms. Reese wanted to recognize Erin Appenzeller for her work in the grants and procurements department. Since Ms. Appenzeller was placed in her current position, procurements are up 14%. She demonstrates a desire to learn and complete her assignments in an accurate manner.

B. Board Committee Reports: Finance-Operations-Administration
