Frank Squires explained that the fair ridership was down from last year by 763 riders. This is attributed to the weather and the fact that the concerts and shows did not sell out. Mr. Squires also mentioned that the new front entry doors and glass partition are the beginning implementation of the building and data security plan.

Diane Townsend stated that Administration has been busy preparing for the internal audit, pulling data and preparing schedules and that IDOT came in last week in preparation for an FTA audit in Chicago. She also stated that the State Fair has contacted us and was excited about the advertising for discounted fair tickets and is interested in a partnership with us next year. Ms.
Townsend thanked Gina Balding for her work on the discounted fair tickets and Dave Miller for posing for the picture on the advertisements. She also explained that UIS contacted SMTD to participate in International Student Day. Angie Brooks, Kerry McComb, Mike Winningham and Kim Goza attended. Ms. Townsend asked Shoun Reese to further report on the International Student Day. Shoun Reese stated that UIS had requested specific route information for international students for specific locations geared to the students’ needs. Trip planning cards were produced to provide direct route information and instructions. Ms. Reese stated that over 200 of 436 enrolled international students attended the presentation. A. 2015 – 2018 TIP Projects

Erin analyzed the price and determined that it was fair and reasonable and that Siciliano is a responsive and responsible bidder. Jerry Doss asked how requests for bids are publicized. Shoun listed the multiple places where bids are publicized, which is dependent upon the type of project. Karen Hasara motioned to award the concrete pad installation contract to Siciliano. Jerry Doss seconded the motion. The motion unanimously carried with a roll call vote.

Diane Townsend stated that Investment Policy was updated to include specific language directly from the Public Funds Investment Act and outlined the areas that have been updated.
