V. New Business

A. Proposed Service Cuts and Changes

Angela Brooks stated that SMTD has been looking at service very closely and some routes have very low ridership. SMTD is proposing to eliminate and change some services. Angela Brooks informed the Board of the changes and eliminations that are being considered (attached). Karen Hasara asked if displaced riders will have substitute routes which will take them to their location. Ms. Brooks responded that this is correct. Mr. Squires requested that the Board authorize a public hearing for proposed changes. Results from the hearing will be presented to the Board at the next meeting where the Board will have the final decision. Ms. Townsend noted that the process of changing service takes sixty (60) days from the Board’s decision. Sandra Douglas asked how these routes were chosen for elimination. Ms. Brooks stated that these routes were chosen due to low ridership. Ms. Douglas also asked which working holidays will be changed to Saturday service. Angela answered Martin Luther King Day, Lincoln’s Birthday, Washington’s Birthday and Veteran’s Day. Wynne Coplea thanked SMTD for their diligent work. There being no further comments or questions, Susan Davasko motioned to approve scheduling a public hearing for the proposed service changes, seconded by Sandra Douglas. The motion unanimously carried.

B. Place the FY16 Budget and Appropriation Ordinance on File for Public Review

Diane Townsend stated that the budget needs to be on file for thirty (30) days prior to the public meeting being held on June 3rd. Comments will be presented to the Board at the June 22nd meeting. The principal of the debt will be repaid with the DTIF Grant Funds and any interest will be repaid 65% Downstate Operating Assistance and 35% local.

J. Workers’ Compensation Claim

VI. Public Comments

Jarrid Foiles stated that the Board should consider that the 11:45 night service route is completely deadheaded when it leaves downtown and reads “Not In Service”, which may lead to low ridership. Mr. Foiles also stated that this bus usually does not stay on the specified route and instead takes passengers to their desired destinations, potentially leaving passengers waiting at bus stops. Brian Brewer thanked Mr. Foiles for his comments as they will be part of the deliberation to come.

Jerry Doss asked how much money will be saved with the elimination and changes of the fourteen (14) routes mentioned. Diane Townsend stated it will save approximately $435,341, reduce the Downstate Operating Grant by $282,972, and net change would be $152,370.

Steven Simpson-Black asked if the eliminations and changes are a result of the proposed budget cuts or are simply due for elimination. Brian Brewer answered that these routes have been due for evaluation for quite some time.
