Baker Tilly issues SMTD an Unmodified audit opinion with no material weaknesses or significant deficiencies noted in the current year (Fiscal Year 2019, July 1, 2018-June 30, 2019).

Ms. Dobson drew the Trustee’s attention to the section titled ‘Management’s Discussion & Analysis,” where a high level analysis of results is found.

Ms. Dobson relayed that the district’s financial position, results, and cash flows together formed a Stable net position. While there was less capital activity in 2019 v. 2018, operations and funding sources were varied and presented robust activity.

Baker Tilly also conducted a threshold triggered Single Audit, where there was one finding. The auditor’s relayed to the Trustees that their finding was that it is staff’s responsibility to have financial statements and their supporting documentation ready for auditor review. Due to 100% staff turnover, the finance department was found to not be ready for the audit this year, requiring more assistance than normal from the Independent Auditor.
Finally, Ms. Dobson provided information on the Illinois Department of Transportation (IDOT) Compliance Audit.

d. Consider Agreement with PAYCOR for Human Capital Management Services

Director Bush updated the Trustees by informing them SMTD partners with multiple providers through our third-party administrator (TPA) Troxell to provide cafeteria benefit choices to employees. Paycor would be an additional platform to modernize payroll services and benefit delivery. There remain tasks that are decentralized and prone to error. Paycor would be our new full-employee management platform. From timekeeping to compliance reporting, to performance management, and tax reporting, Paycor’s platform centralizes and automates many manual functions. Paycor’s platform will be cloud based, but does work with our existing database, FleetNet, and our benefit portal, Employee Navigator.

Director Bush relayed he is seeking approval of a two-year contract from the date SMTD is able to go live. The goal is to become paperless in both Human Resources and Payroll, and improve the employee experience in real time.

Mr. Bush related the contract cost is stated at $25,400.95. This includes new time clocks versus leasing. A 1% discount from SMTD’s health insurance provider will absorb this cost.
