INNOVEST PORTFOLIO SOLUTIONS RANKED AMONG THE TOP 5 BEST PLACES TO WORK BY *PENSIONS & INVESTMENTS*

Denver, CO—March 12, 2015—Innovest Portfolio Solutions (“Innovest”), an independent provider of investment and retirement plan consulting services, is proud to announce that it has been ranked among the top five Best Places to Work in Money Management in an annual list published by *Pensions & Investments* magazine, selected from those firms with fewer than 50 employees.

Pensions & Investments, an international trade magazine, honored 29 firms in this year’s list. The magazine surveys both employers and employees, partnering with San Francisco-based Buck Consultants, LLC to run statistical analysis to identify common themes among the firms that were selected and those who were not. Employee survey results account for 60% of a company’s score, the employer’s responses 40%.

“We are honored to have been selected as one of P&I’s Best Places to Work,” said Rich Todd, Innovest’s CEO and Founder. “For 19 years, Innovest has put a multitude of very deliberate programs and procedures in place to ensure that all of our employees feel personal and professional satisfaction with their jobs, their career paths and their team. Our Principals take strides every day to ensure that our employees are happy and healthy emotionally and physically, with a large emphasis on giving back to our communities. We are constantly seeking ways in which we can improve and grow these practices, which is why we hope to continue our recognition as a best place to work for years to come.”
