How to Make Your Easter Temple

Save ink and time by using the pictures you already have. Build your temple so the pictures go three across and two down. Then attach temple spires and your Angel Moroni on top. If you end up using horizontal pictures instead, you'll have to get a little creative- put a white piece of paper behind it and cover up some of the sides with the other pictures. See the next page for a diagram of how to assemble your temple.

If you want to use the pictures provided in the Come Follow Me for Individuals and Families manual, these pictures go well:

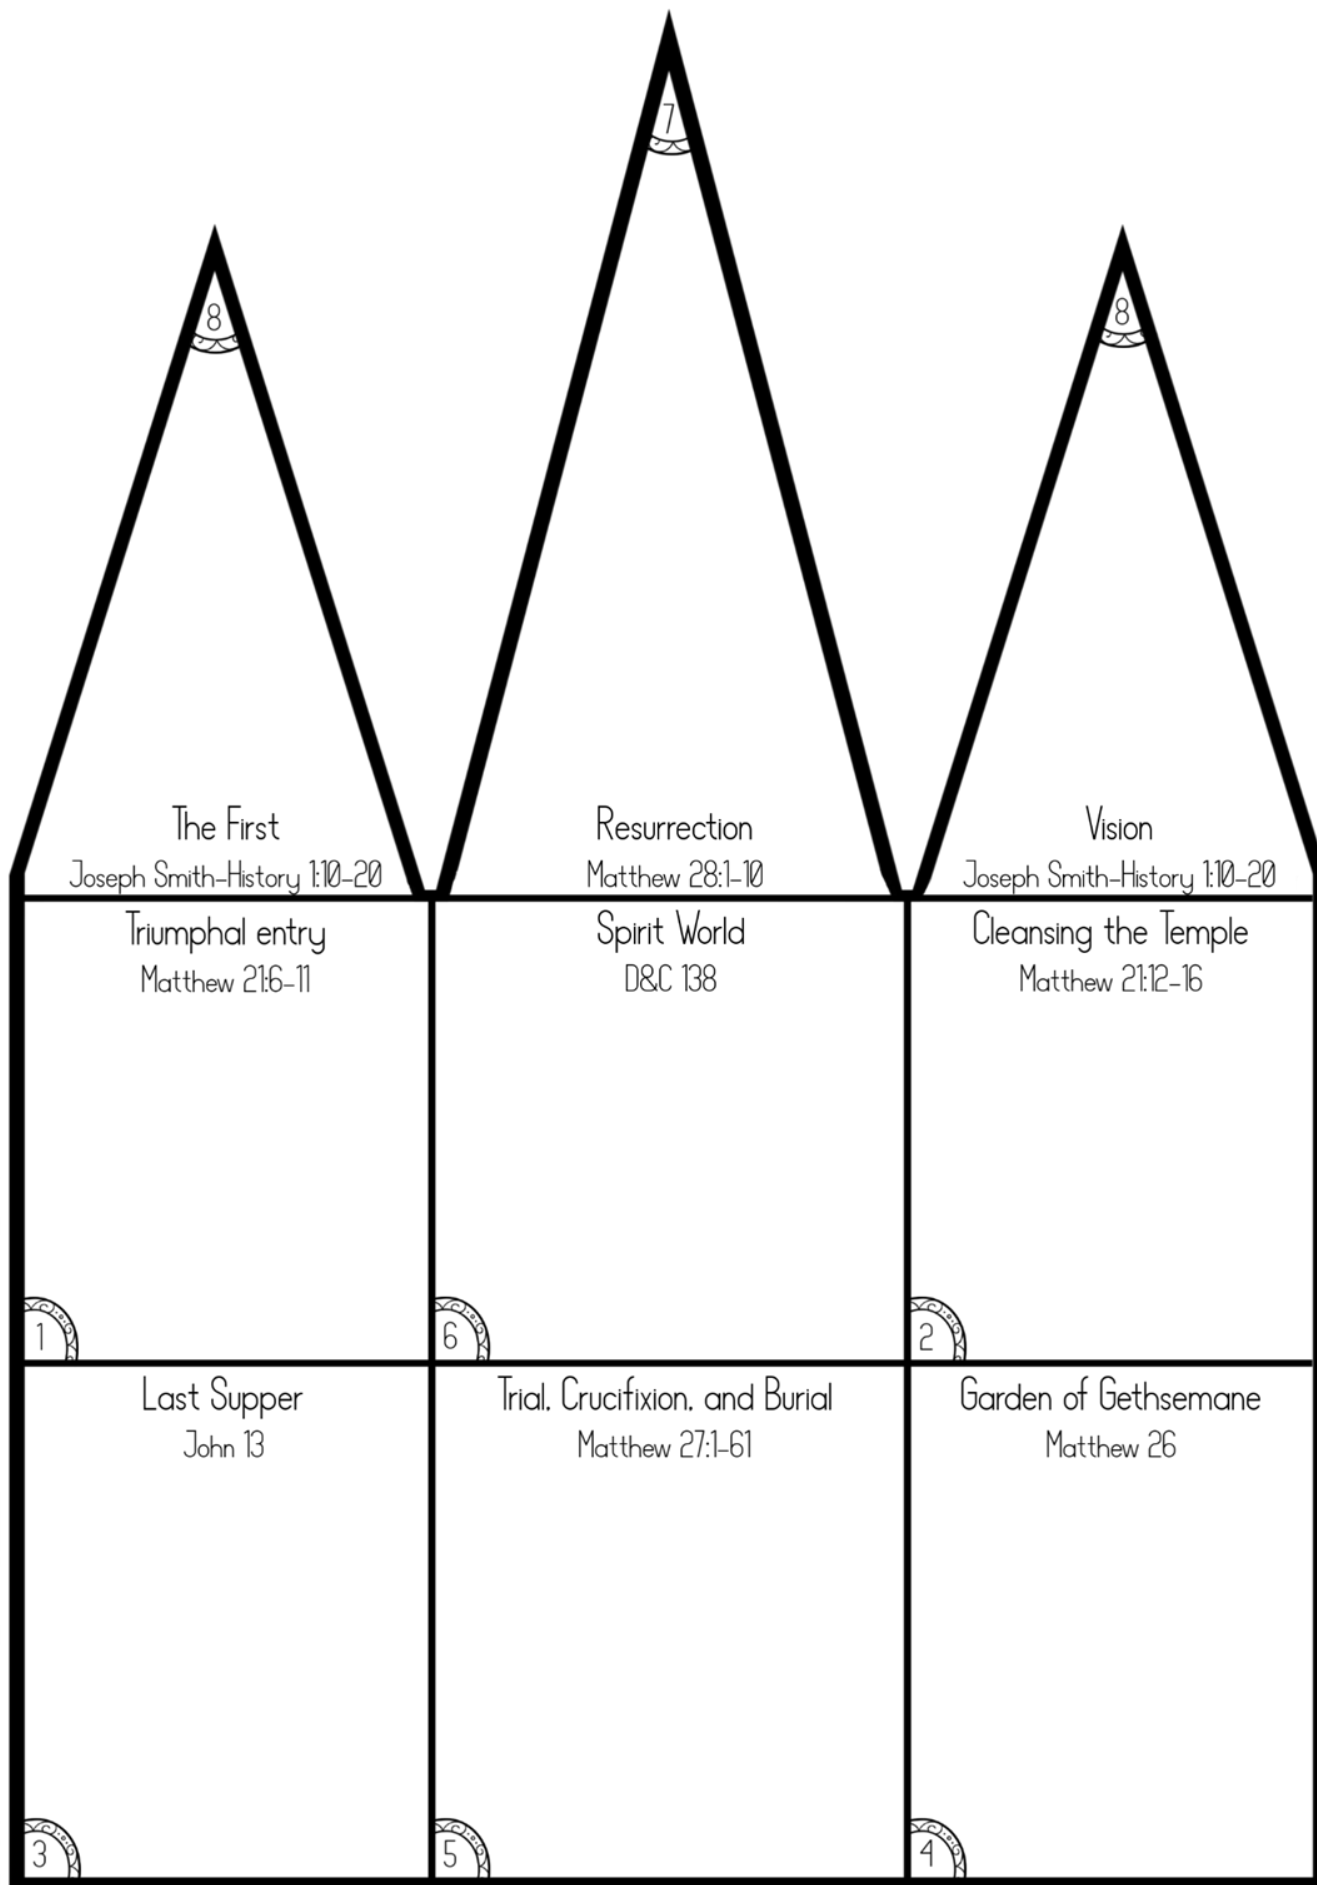

- Triumphal Entry: page 81
- Cleansing the Temple: page 177
- Last Supper: page 89 or 137
- Garden of Gethsemane: page 61 or 93
- Trial, Crucifixion, and Burial: page 97
- Spirit World: page 133
- While I have a temple spire for discussing the resurrection, you could also use pages 101, 141, 165, or 173. You can use white paper to cover up the sides and create a triangle shape to make the temple spire.

If you have a gospel art kit, the following pictures go well:

- Triumphal Entry: #223
- Cleansing the Temple: #224
- Last Supper: #225, #226, or #603
- Garden of Gethsemane: #227
- Trial, Crucifixion, and Burial: #228, #230, #231, or #232
- Spirit World: #600 or #608
- While I have a temple spire for discussing the resurrection, you could also use #233, #234, #238, #239, or #245. You can cover up the sides with paper to turn your picture into a tall triangle to represent a temple spire.

You can also use pictures from the Behold Your Little Ones manual or the Gospel Art Book. You can also print more images from ChurchofJesusChrist.org.

Add palm fronds as you go and finish it with the Because He Lives banner.

Add Angel Moroni to the top of your middle spire. If you print it on yellow paper, you don't have to color it!

Because

Tape together and add to your temple. You can put it across the middle, at the bottom, on top, wherever you like! Print on colored paper to make it pop.
