

# Super Deluxe

Charleston's Premier Party Band<sup>SM</sup>

## **Band Configuration:**

We are currently offering Super Deluxe in one of two different medium size bands : a 6-pc. core group and a 7-pc. group with horn section.

### **6-pc. band:**

The 6-pc. band features band leader Wilton Elder on lead vocals and saxophone, AJ Jenkins on drums and vocals, Stephen Anderson on keyboards, vocals, and sound design, Joy Gregory on lead vocals, Johnny Mac on guitar, and Tristan Cills on bass.

This band features both male and female lead vocalists, a full rhythm section, and also comes with one horn/saxophone!

The 6-pc. band is ideal for smaller and medium size venues that have strict sound/ dB level restrictions and allow for a minimum stage plot dimension of 20 feet wide by 12 feet deep.

The 6-pc. band has a wide range of dynamic and musical style. This group can wine and dine a jazzy cocktail hour at a low volume and then turn it up when you and your guests are ready to dance and party!

## **7-pc. band:**

Expanding from the six member line-up, the 7-pc. band adds a dedicated horn player, typically a lead trumpeter, to round out a 2-pc. horn section with the band leader on saxophone.

The 7-pc. band is a great fit for clients that want a big brass sound for classics by everyone from Frank Sinatra to Steely Dan and Earth Wind & Fire!

The 7-pc. band is also a great fit for larger venues that allow for a wider range of sound level and a larger stage setup ;)

## **Venue Guidelines:**

Make sure you check your venue contract guidelines before choosing which Super Deluxe band is right for your next party!
