Lesson are available at 11:00am. All participants are encouraged to take the lesson unless they already have a high level of skiing competence.

CAFETERIA ROOM

The cafeteria will be open with hot and cold foods for sale. Teens are welcome to bring their own food.

## **SKI EVENT Tips**

### **PLEASE SKI SAFELY!!!**

Dress properly for the cold.

- ✓ Don't wear scarves hanging loose outside one's jacket; a scarf can get caught in the rope tow or lift
- ✓ Fatigue can be a problem. Everyone should periodically come to the lodge to warm up and rest.
- ✓ Ski defensively.
- ✓ Look out for the safety of those around you.
- ✓ When meeting another skier, the downhill skier has the right of way.
- ✓ At the junction of 2 runs, the person on the larger trail has the right of way.
- ✓ Never ski fast through a crowd of people, near trees, T-bars, lifts, rope tows, and lift lines.
- ✓ All skiers should use common sense on the slopes.
- ✓ There are many hazards such as chair lifts, tow ropes, equipment, and weather and snow conditions.
- ✓ Be aware of the surroundings including other skiers. Anticipate changes in the conditions and the actions of other skiers.
- ✓ Become familiar with the trails and the difficulty of each run.
- ✓ Ski controlled.

One should never ski so fast that you cannot stop within your field of vision, which can be limited, by fog, snow, bumps and turns.

- ✓ Ski within your capabilities and always maintain the ability to change directions and/or stop when and where you want to.
- ✓ The key to control is turning. Turning is the chief means of controlling speed.
- ✓ Don't stop in the middle of a crowded slope or any location where you cannot be seen such as under a slope or around a bend. A ski slope has a variety of angles, pitches, bumps, rolls, side hills and snow conditions, so judgment concerning speed is very important.
- ✓ **A LESSON IS INCLUDED WITH THE LIFT TICKET SO USE IT! YOU PAID FOR IT AND YOU WILL BE A BETTER AND SAFER SKIER.**

**HAVE FUN!**
