

Together we can make a greater impact on our community!

WHY REBUILDING TOGETHER SEATTLE?

In the midst of an affordable housing crisis, restoring existing homes is crucial to preserving the well-being of low-income homeowners and preventing them from losing their homes.

Safe and secure housing is a solid foundation for health and success. It leads to outcomes such as:

- Decreased risk of seniors falling at home
- Improvement in academic performance
- Decreased risk of developing asthma from indoor pollutants

"Thanks to Rebuilding Together Seattle, I'm finally proud of my home. Thank you for empowering me to start my life again."

- Lutricia, Program Recipient

There are over 37,000 households below the poverty line in the Seattle area. 90% of these households spend over half of their income on housing, forcing them to choose between basic necessities and critical home repairs.
