

## Scoring

1. Transfer your circled answers to this score sheet. For example, if you circled "a" for question 1, put a tick mark in the A column for that question.
2. For each column, count your number of A and B tick marks. Columns 2, 4, and 6 require you to combine your subtotals. Just follow the arrows.
3. The letter corresponding to the higher number in the Grand Total section is your "preference". The four letters combined constitute your "type."

1		2		3		4		5		6		7		
A	B	A	B	A	B	A	B	A	B	A	B	A	B	
1		2		3		4		5		6		7		
8		9		10		11		12		13		14
