A WORD ON THE SCHOOL

The opening of the ARROJO cosmetology school is a lifelong dream, fulfilled. Our vision is to deliver excellence to each student: A well-rounded, inspirational, and career-shaping program of education so you graduate with a skill set that paves the way for lifelong achievement.

We have a state-of-the-art school in SoHo, Manhattan's epicenter of fashion, trend, and style. You'll find inspiration all around you, while our intimate, small-class-numbers-only, facility is the perfect place for your work to flourish. The school, although completely private, adjoins ARROJO studio. This is one of New York's most successful hair salons with many of the world's great stylists working in house.

The idea to adjoin the two was deliberate. You'll have your own highly experienced professional instructors, but you'll also get regular guest demos and lectures from my studio team of master stylists and I. We will demo advanced techniques, provide you with exclusive insights to the industry, and give you a platform for success whether you want to work in the salon, in education, or in editorial and fashion-related work.

It's an intensive program that requires your dedication, too. You'll learn the foundations of high-quality hairdressing through theory and hands-on practical work, client communication, retail performance, presentation skills, creative expression and business building. And on completing the program, students can apply to become an ARROJO studio employee as part of the academy training program that leads to our salon floor.

I love the art and craft of hairdressing; I hope this program will inspire the same passion from you. Work hard, think big, and all your career dreams will come true.

PROGRESSION

Progression will be noted on individual progress record. Additional tasks may be set if it is deemed necessary to progress. This will be evaluated through written testing, oral questioning, and observation of practical skills.

EVALUATIONS AND ACADEMIC ADVISING POLICY

Arrojo Cosmetology School students are advised regarding progress and achievement in the program on a regular basis. Academic evaluations include how the student is performing with regard to attendance, theory grades, practical skills criteria adopted by the school. Students are allowed to make up work and/or additional assignments at the discretion of the school Director. Student strengths and areas needing improvement are identified and discussed. Information and advice regarding state licensing requirements, employment and continuing education opportunities is available to students, as it is needed.

The student lounge area has a list of agencies for referral if a student needs other assistance. This information is also available for students to access in the administration office. ARROJO Cosmetology School is approved to participate in federal financial aid; ARROJO Cosmetology School employs a Financial Aid Administrator who will provide information on funding assistance to students in accordance with applicable regulations.

SATISFACTORY ACADEMIC PROGRESS POLICY & ATTENDANCE POLICY

Satisfactory progress in both attendance and academic work is required for all students enrolled in Arrojo Cosmetology School. All students must attend regularly and complete their course within the maximum timeframe.

A student's academic progress is evaluated at the end of each marking period. Satisfactory academic progress requires a minimum of 95% attendance and a minimum GPA of 75% at each marking period. Students are provided with a copy of their satisfactory academic progress evaluation results.

Course incompletes, repetitions and non-credit remedial courses do not apply to our school.

A leave of absence extends the student's contract period and the maximum time frame by the same number of days taken in the leave of absence.

The Cosmetology program is 1,000 hours. The normal time to complete the program depends upon the schedule the student attends, excluding school closings:

The maximum time allowed for students to complete the program at satisfactory progress is:

COURSE	MAXIMUM TIME ALLOWED	SCHEDULED HOURS
Cosmetology- 1000 Hours	FT 30 Weeks PT 66 Weeks	1050

PROGRESSION

All students must complete their course within the time frame or be charged \$ 14.70 per hour for additional instructional hours to complete the course.

Satisfactory Attendance Policy:

Students are required to attend a minimum of 95% of the hours possible based on the applicable attendance schedule in order to be considered making satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained a least 95% cumulative attendance since the beginning of the course which indicates that given the same attendance rate, the student will graduate within the maximum time frame allowed.

Academic Policy:

Students are required to maintain a 75% or C average. Written and practical tests are given throughout the course. Educators sign off on all theory and practical work. Theory assignments are graded numerically and students are graded on the following scale:

Grading Scale:

90 - 100%	= A	Excellent
80 -89 %	= B	Good
75- 79 %	= C	Pass
74% or below	= D	Fail

Practical assignments are evaluated as completed and counted towards course completion as graded. Practical skills are evaluated according to text procedures, state licensing agency requirements and set forth in practical skill evaluation criteria adopted by the school. If a performance does not meet satisfactory requirements that is the grade recorded. If absent, all assignments can be made up at the educator's discretion. Total possible scoring starts at 80%. It is the students responsibility to make up missed work. Students must attempt to make up missed assignments. Incomplete assignments will be graded as received.

Evaluations:

Written evaluations of satisfactory progress will be conducted at the end of each payment/marketing period and reviewed with the student. The school has two formal evaluation periods which are at 450 and 900 scheduled hours. The first evaluation will occur no later than the mid-point of the academic year (900 hours). Evaluation periods are determined using scheduled hours. Scheduled hours are determined by date of enrollment and evaluations are given when that number of hours has been offered to the student. Actual hours a student has attended at that time may differ.

Academic and attendance progress will be measured at each evaluation. Students who meet the minimum requirements for attendance and academic progress shall be considered to be making satisfactory progress until the next evaluation. In order for a student to be considered making satisfactory progress, the student must meet both

PROGRESSION

attendance and academic minimum requirements by the marking period.

Warning/Probation:

Students failing to meet minimum progress requirements will receive a written notice and will be put on a warning period with the opportunity to meet requirements by the next scheduled evaluation.

At the end of the warning period, the student's progress will be reevaluated. If the student is meeting minimum requirements, he/she will be determined as making satisfactory progress until the next scheduled evaluation.

A student that is deemed to be making unsatisfactory progress at any evaluation can re-establish satisfactory progress by obtaining a 95% attendance rate and a 75% academic average.

During a warning period, students are considered to be making satisfactory progress. The Director will advise students placed on a warning regularly. Additional help, by educators will be available for those students on warning.

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress during the probationary period. Only student who have the ability to meet the satisfactory progress policy standards by the end of the evaluation period may be placed on probation. At the beginning of the probationary period, a student may appeal the decision. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered to be making satisfactory academic progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, required for satisfactory academic progress, or by the academic plan, he/she will be determined as not making satisfactory progress.

Appeal Procedure:

The basis on which a student may file an appeal are: death in the family, an illness or injury, medical issues of the student or other extenuating circumstances. The student must submit in writing a request of appeal. The appeal should include applicable documentation for the reasons why decision to terminate should be reversed, what has changed that will allow the student to make SAP by next evaluation and a request for re-evaluation of progress.

The Director must receive this request within (30) days of the termination. Should a student fail to appeal this decision, the decision to terminate will stand. An appeal hearing will take place within (30) days of receipt of the written appeal. This meeting will be attended by the student, parent/guardians, (if the student is a minor), and the Director/School Owner of the school. A decision of the students appeal will be made by the Director/School Owner, in writing, within (10) business days. This decision is final.

PROGRESSION

A student that wins their appeal and is determined to be making satisfactory progress will be re-instated immediately. The appeal and decision documents will be retained by the school in the students' file. If the student prevails upon appeal, the satisfactory progress decision will be reversed and federal financial aid, if applicable, will be reinstated.*

Leave of Absence (LOA)/Interruption of Education/Termination

A student returning to school after an interruption in their education or after being dropped, must return to school in the same satisfactory progress as prior to their departure.

Terminations/Withdrawals/Course Incompletes

A student making satisfactory progress at the point of withdrawal may apply for re-enrollment in the school and be considered to be making satisfactory progress at the point of reentry.

A student, who has been terminated at the end of probation and wishes to return to school, shall be reinstated in probationary status.

Noncredit and Remedial Courses:

Noncredit and remedial courses do not apply at the school. Therefore, these items have no effect upon the schools' satisfactory progress standards.

Reinstatement of Financial Aid:

If applicable, Title IV financial aid will be re-instated to qualified students who have prevailed upon appeal or who have re-established satisfactory progress by meeting the minimum cumulative academic, practical and attendance requirements.*

***Arrojo Cosmetology School is approved for participation in federal financial aid programs.**

SAP SATISFACTORY ACADEMIC PROGRESS

In order for a student to continue financial assistance eligibility, a student must maintain satisfactory progress. Any student not maintaining satisfactory progress will be ineligible to receive future disbursements of financial assistance. In order for the student to have financial assistance reinstated, the student's financial assistance along with the maximum time frame will be evaluated to determine the student's ability to complete the program within the recommended scheduled allotments.

When the student has met both the academic and attendance requirements, the student will be removed from the Unsatisfactory Progress status and financial assistance eligibility will be reinstated for the remaining period of time in the program. A student must complete the program of study in a period of time not to exceed those outlined in the schedules or maximum time frame. School holidays will not be considered in the calculation of cumulative attendance.

PROGRESSION

Institutions that enter into an agreement with a potential student, or parent of a student regarding a Title IV or HEA loan are required to inform the student or parent that the loan will be submitted to the National Student Loan Data System (NSLDS), and will be accessible by guaranty agencies, lenders, and institutions determined to be authorized users of the data system.

Financial Aid Warning Status

Students who are evaluated at the end of a payment period and fail to meet SAP are automatically placed on financial aid warning status. They may continue to receive assistance under the Title IV HEA programs for one payment period. Financial aid warning status may be assigned without an appeal or other action by the student. If the student does not achieve SAP by the end of that payment period eligibility for Title IV program funds will cease. A student may appeal and if successful may be placed on Financial Aid Probation.

Financial Aid Probation

The institution may place a student on financial aid probation and may disburse title IV, HEA program funds for the subsequent payment period. All the following conditions must be met

- The student must appeal the determination that they are not making satisfactory progress.
- The institution must determine that the student should be able to make satisfactory progress during the subsequent payment period and meet the institution's SAP standards at the end of that payment period.
- A student must have a basis to file an appeal. Acceptable reasons include the death of a relative, an injury or illness of the student, or other special circumstances. The student must explain what caused the failure to meet the standards. They must also explain what has changed in their situation that will allow them to demonstrate SAP at the end of the next payment period. The student must submit all information relating to the appeal in writing within 10 calendar days of being notified of not making SAP
- If the student's appeal is approved and he/she meets the SAP requirements, by the end of the probationary period, they will be removed from probation and will be considered making SAP. If the student does not meet or exceed SAP by the end of the probationary period, they will be considered not making SAP. This will result in loss of eligibility for title IV HEA program funds. The student may also be terminated from the program. Students meeting the minimum requirement at any evaluation are considered to be making SAP until the next scheduled evaluation.

Unsatisfactory Progress Status

If the student's progress is found to be of unsatisfactory status and Title IV privileges and funding are lost, the student is solely responsible for any financial balance remaining. This balance must be paid in full by the time of graduation. The student is still eligible to complete the course and the student is responsible for any makeup hour fees incurred.

PROGRESSION

Maximum Time Frame

Maximum time frame for students in the ARROJO Cosmetology clock hour program is 105% of the time it would take to complete the scheduled hours in the program. Time frame is based on schedule of attendance.

If a student must attend additional time beyond maximum time frame due to poor attendance, or to complete graduation requirements, the student's Enrollment Agreement will terminate. The School may have any student whose contract terminated execute a new Agreement if the student is readmitted to the program. The student shall be required to pay the current charges per program hour or credit in effect at the time the new agreement is executed for each program hour or credit that the student must complete.

A Cumulative Grade Average of 75% must be maintained in order to meet graduation requirements

- A student seeking reinstatement after termination caused by lack of SAP or official interruption must first meet with a Director. The Director will determine if the student is eligible to re-enroll. If a student applies for reinstatement, he/she must document the ability to successfully complete the program and certify that the causes of previous difficulties have been rectified. Students who ceased attendance while not making SAP will return as not making SAP. They will be allowed to continue their education but are not eligible for title IV program funds unless they are able to re-establish SAP

Normal Time to Complete

Students should have a reasonable expectation of the time it should take to complete a program in order to plan and budget accordingly. Program lengths for full time and part time schedules are stated in weeks and include estimated days the school is closed for holidays, teacher training, special events, inclement weather and a limited number of days scheduled to allow students to make up missed hours as necessary for state licensing purposes.

When calculating and disclosing normal time to complete and On Time Completion Rates, the number of days scheduled to make up absence is limited to 5% of scheduled hours. Students are permitted to make up additional absence in order to graduate, as long as they do not exceed the maximum time frame as described in the school's satisfactory progress policy, but they would not be counted as graduating within normal time for purposes of the calculation and disclosure of On Time Completion Rates.

GRADUATION REQUIREMENTS

Arrojo Cosmetology School will graduate a student who meets all of the School Graduation requirements listed below. Graduates will be issued a Certificate of Completion, Transcript of Hours and Licensing paperwork upon: successful completion of the 1000 hour cosmetology program, including maintaining a 75% or higher practical and academic grade and 95% or higher attendance, completion of all exit paperwork, attending an exit interview and after all tuition payments and any applicable make up hour fees are paid in full.

PROGRESSION

The institution ensures that each student meets all the graduation requirements before being awarded a certificate of completion. The institution ensures that each student it considers a graduate and awards a diploma, has fulfilled all the graduation requirements by completing the graduation checklist, attending an exit interview and met all requirements for final progress record and satisfactory academic progress record.

CERTIFICATE OF COMPLETION

A Certificate of Completion will be awarded to each graduating student. It will reflect the name and address of the institution, the students name, the course hours and the date of course graduation. Copies of the Certificate of Completion will be kept in the students' academic file. Certificates will be awarded upon meeting all attendance, academic and practical requirements and completing all tuition payments in full.

TRANSCRIPT

A transcript listing the course, grades, final average and other permanent student record requirements will be maintained in the students' academic file. A final transcript is critical for student assistance after graduation.

Arrojo Cosmetology School will issue a Transcript of Hours to students, who withdraw prior to program completion when the student has successfully completed the required exit paperwork, attended an exit interview and after all required tuition payments are paid in full. A refund calculation will be performed to assist in this process; any refund balance due will be paid within 45 days of withdrawal.

There is an additional \$20 fee for all additional requested transcripts.

INSTITUTIONAL WITHDRAWAL SETTLEMENT POLICY

The student refund may be more than stated if the institutional withdrawal and settlement refund policy results in a greater refund to the student. A student's tuition liability will also be calculated in accordance with the state refund clause stated above.

Title IV Refund Policy

ARROJO Cosmetology is required to determine earned and unearned portions of Title IV Aid as of the date the student ceased attendance based on the amount of time the student was scheduled to be in attendance.

Up through the 60% point in each payment period or period of enrollment to a Pro rated schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. For a student who withdraws after the 60% point-in-time, there are not unearned funds. When the refund is performed it is in the students best interest, therefore the first monies returned will be derived from student loans. Additional refunds will then be applied to the Pell grant.

ADMISSIONS

Return of Title IV Funds and Refund Policy

The law specifies how ARROJO Cosmetology must determine the amount of Title IV Program Funds that a student can earn if the student withdraws from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Stafford Loans, Plus Loans and Federal Supplemental Educational Opportunity Grants (FSEOGs).

When withdrawing during a payment period, if the amount of Title IV program funds that a student has earned up to that point is received on his/her behalf less assistance than the amount that the student earned, that student may be able to receive those additional funds. If the student received more assistance than earned, the school must return the excess funds.

The amount of assistance that a student has earned is determined on a pro-rata basis. For example, if a student completed 30% of a payment period, the student earned 30% of assistance that he/she was originally scheduled to receive. Once the student has completed more than 60% of the payment period, the student earned all the assistance scheduled to receive.

If the student did not receive all the funds that earned, that student may be due a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, the student may choose to decline the loan funds so that he/she does not incur additional debt. ARROJO Cosmetology School may automatically use all or a portion of the post-withdrawal disbursement (including loan funds, if the student accepted them) for tuition and fees charges. It is in the student's best interest to allow the school to keep the funds in order to reduce his/her debt to the school.

Because of other eligibility requirements, there are some Title IV program funds that students were scheduled to receive that cannot be earned once withdrawn. For example, if a first-time, first-year undergraduate student and did not complete the first 30 days of your program before withdrawal, that student may not earn any Direct Stafford Loan Funds that would have been received had the student remained enrolled past the 30th day.

If the student receives (or the school or parent receives on the students behalf) excess Title IV program funds that must be returned, the school must return the portion of excess equal to the lesser of

1. The institutional charges multiplied by the unearned percentage of the fund, or
2. The entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of the students Title IV program funds.

If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that a student must return, the student (or parent for a PLUS Loan) repays in accordance with the terms of the promissory note. That is, the student makes scheduled payments to the holder of the loan over a period of time.

ADMISSIONS

Any amount of unearned grant funds that the student must return is called an overpayment. The amount of a grant overpayment that the student must repay is half of the unearned amount. The student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirement for Title IV program funds when a student withdraws are separate from any refund policy that the school may have. Therefore, a student may still owe funds to the school to cover unpaid institutional charges. ARROJO Cosmetology may also charge for any Title IV program funds that the school was required to return.

If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of TIV funds will be completed and any applicable returns by the institution shall be paid, as applicable, first to unsubsidized Federal Stafford Student Loan Program; second to subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program, fourth to other Federal, State, private or institutional student financial assistance programs; and last to the student. After all applicable returns to TIV aid have been made, this refund policy will apply to determine the amount earned by the school and owed by the student. If the student has received payments of Title IV aid, he/she may be required to refund aid to the applicable program.

FINANCIAL ASSISTANCE

ARROJO Cosmetology is accredited by NACCAS and approved by the United States Department of Education for Federal Student Aid available to students who qualify. ARROJO Cosmetology School also offers private affordable financing options. Our Financial Aid Director is available to answer any questions you may have and will help select a payment plan that suits your needs.

There are two types of federal student aid available to ARROJO Cosmetology School students:

Grants

Financial aid that does not have to be repaid (unless, for example, you withdraw from school and owe a refund)

Loans

Allow you to borrow money for education purposes, which must be repaid, with interest, back to the Federal Government.

Federal Pell Grant (PELL)

Pell grants are the foundation of federal student financial assistance to which aid from other federal and nonfederal sources may be added. Federal Pell Grants are awarded to students based on financial need. Unlike loans, grants are not repaid unless, for example, you withdraw from school prior to the planned program completion date. These grants are awarded to undergraduate students and the award amounts can change yearly. The amount of the Federal Pell Grant depends upon cost of attendance, expected family contribution, enrollment status (FT/PT) and the length of the program.

ADMISSIONS

Federal Supplemental Educational Opportunity Grant (SEOG)

This type of grant is awarded to undergraduate students with exceptional financial need – those with the lowest Expected Family Contribution (EFC). Federal Pell Grant recipients receive priority for FSEOG awards which range from \$100 to \$300 per award year. The school's Financial Aid Office will determine the amount of your award.

Iraq & Afghanistan Service Grant

Is a grant that does not have to be repaid. For undergraduate students who are not Pell-eligible; whose parent or guardian died as a result of military service in Iraq or Afghanistan after 9/11; and who, at the time of the parent's or guardian's death, were less than 24 years old or were enrolled at least part-time at an institution of higher education

Veterans' Education Benefits

ARROJO Cosmetology is eligible for veteran's educational benefits for veterans, eligible dependents of deceased or disabled veterans and active status National Guard and Reserve personnel. Any student interested in this type of benefit must verify with the school representative that the school is eligible for Benefits.

William D. Ford Federal Direct Loan Program

Student loans, unlike grants, are borrowed money (monies) that must be repaid with interest. Loans made through this program are referred to as Direct Loans. Eligible students and parents borrow directly from the U.S. Department of Education. There are three types of loans in the program

Stafford Loan (Subsidized)

A student may borrow to cover some or all of school expenses. The United States Department Of Education will pay the interest while the student is attending school at least half time and for a grace period of the first six months after the program has ended. The amount of the loan cannot exceed the student's financial need. The fixed interest rate for 2012-2013 is 6.8%

Stafford Loan (Unsubsidized)

A student may borrow to cover some or all of student expenses. The United States Department of Education does not pay interest on unsubsidized loans. The student is responsible for paying the interest that accrues on the loan from the time the loan is disbursed until it is paid in full. The fixed interest rate if 6.8% can be paid while attending school, during a period of deferment or forbearance or it can be accrued and the interest added to the principle amount of the loan.

Plus Loans (PLUS)

Parents of dependent students can borrow from the PLUS loan program. The terms and conditions include a requirement that the applicant not have an adverse credit history, a repayment period begins on the date of the last disbursement of the loan at a fixed interest rate of 7.9% for the direct loan.

ADMISSIONS

Federal Perkins Loan

Available for undergraduate and graduate students that demonstrate financial need. Funds depend upon availability at the school. This loan must be repaid with the interest interest rate of 5%.

Student Rights and Responsibilities

Students have the right to apply for aid to cover school expenses including tuition, fees and supplies. A minimum \$4,500 down payment is required of all students to complete the enrollment process prior to federal funds being awarded.

The student must complete a FAFSA, available online at: www.fafsa.ed.gov Providing the financial aid office with all the needed information will determine eligibility. If the student is eligible, the aid office will send an award letter outlining the amount and types of aid the school will offer.

Student Preparation Tips

There are several things students may want to consider while arranging a successful enrollment plan:

Choose a start date that allows sufficient preparation time

Make dependable housing arrangements

Prepare financially

Plan for dependable transportation

Obtain dependable childcare

Consider employment that supports the demands of your education

Entrance Counseling

Entrance Counseling is required before you can receive your first federal subsidized/ unsubsidized loan or plus loans for the first time. It usually takes about 20-30 minutes to complete You can find the link to complete entrance counseling here: <https://studentloans.gov/myDirectLoan/counselingInstructions.action>

Before the school makes the first loan disbursement the student will receive the following information about the loan:

- The full amount of the loan and the interest rate
- The date the student must start repayment
- A list of any charge the student must pay (loan fees) and information on how these charges are collected
- Information on the yearly and total amount a student may borrow
- Information about the maximum repayment periods and the minimum repayment amount
- An explanation of default and it's consequences
- An explanation of available options for consolidating loans and a statement that the student can repay the loan(s) with penalty at any time.

ADMISSIONS

Loans, unlike grants are borrowed money that must be repaid, with interest. Students cannot have these loans cancelled because they didn't like the education received or because of financial difficulty. These loans are a serious obligation.

Students will be notified in writing whenever any funds are credited to an account. The student may cancel all or a portion of the loan if the student informs the school within 14 days after the day the school sends a notice or by the first day of the payment period.

Parents of dependent students may apply for a Parent Plus Loan for students. They must pass a credit check. If they do not pass, they might be still be able to receive a loan if they can demonstrate that extenuating circumstances exist, or if someone they know (who can pass) agrees to endorse the loan and promises to repay if the parents do not.

For students that qualify, ARROJO cosmetology is a VESID approved school.

MEDIAN DEBT OR MEDIAN LOAN DEBT

To help defray the cost of school, many students apply for student loans. Student loans are monies that must be repaid after leaving school. Arrojo Cosmetology School is accredited by NACCAS however not yet approved to receive government issued Title IV student loans. Please speak to our Admissions Director for more information.

Arrojo Cosmetology School calculates the median debt of students graduating from a program. Median debt refers to the 'mid-range' or amount of debt the average student has when they graduate.

The median debt for Non –Title IV students completing the Cosmetology Program at Arrojo Cosmetology School is \$0.

You may see non-Title IV students mentioned as a separate number. Non-Title IV means they did not receive government loan assistance. They may have received private loans, say from a bank or parent. Therefore, our non-Title IV median debt rate is typically \$0.

OCCUPATION DATA

Occupation data refers to a set of information about specific profession. You might hear it called an occupational profile. The Bureau of Labor Statistic put together a series of facts designed to give those looking for a career a complete picture of various professions. Data includes occupational tasks, work context, activities and job style. The data helps to explain exactly what you may be expected to perform for a specific job or occupation. Occupations are classified using a Standard Occupation Code (SOC). For each profession you are considering or researching, the SOC code assigned to that occupation will be different. To view specific occupational data, visit the website: <http://www.oneonline.org/link/summary>. In the lower left hand corner, you'll enter the SOC code to see a specific listing of the career's requirements. The codes are for the programs offered at Arrojo Cosmetology School are:

(Cosmetologist (or someone who does hair) – SOC 39-5012.00

ON TIME GRADUATION RATE

The instructional hours a student needs to complete a course of study are mandated by most states. When a student completes the graduation requirements and instructional hours on or before their original contracted graduation date, that student is considered an on-time graduate. The Department of Education prohibits an institution from including in the on-time graduation rate any graduate that has a delayed graduation date. Whether you graduate 'on-time' or not can be affected by several different factors. Many post-secondary students could have delayed graduation dates due to family responsibilities, day care issues and or conflict with employment schedules while attending school.

ADDENDUM 5:

PRE ENROLLMENT INFORMATION

Students, who fall into this category, although they graduate, do not meet the definition of on-time graduate and are not included in the on-time graduation rate. The on-time graduation rate represents those students who graduated on or before their contracted graduation date. At Arrojo Cosmetology School the on-time graduation rate is 98%.
