help your child develop
Letter Knowledge
when you help your child notice what is alike and different.

- Describe pictures in books
- Talk about how two pictures are alike and different:
  - Book of faces
    Both children have noses, but one is crying and one is laughing.
  - Size, color, texture
  - Animal pictures
    Cow and horse have four legs. Horse has a mane and cow does not.
    Compare a cow and a calf.

Letter Knowledge
when you help your child notice shapes.

- Choose books with clear pictures, that stand out from the background color.
- Point to a picture to help your child focus on it.
- Talk about the shapes of things in the pictures.
  - Here’s a picture of a ball. It is has a circle shape.
  - The roof on this house is a triangle shape.
- Share books about shapes with your child.

No book handy? Activities you can do to help

- Point out shapes of things all around:
  - Baby’s mobile
  - Toys
  - Designs on clothes
- Have your toddler play with simple puzzles.
- Choose alphabet books with clear, bright pictures.
- Point to the pictures and talk about them.
- Point to the letters and say their names.

You can help your child develop letter knowledge when you share alphabet books with your child.

- Talk about the pictures in books with your baby and toddler.
- If there is a picture of an animal or something that makes a sound, make the sound for your child even if it is not written in the book.
- Wait for your child to imitate the sounds you make.

You can help your child hear and make sounds when you share alphabet books with your child.

- Point out the differences in the same letter, upper and lower case.
- No need to talk about letters from A to Z. Talk about the letters in words that interest your child.

- As you look at words in books:
  - Find letters in your child’s name.
  - Find letters in family names.
- Talk about the sound of the first letter.

You can help your child develop letter knowledge when you use letters in your child’s name to learn about letter names and sounds.
