green|spaces launched a monthly lunch and learn series to increase the awareness and promote products and technologies to further the practices of sustainability in the work and home lives of Chattanooga. Topics vary from aquaponic systems, sustainable landscaping, new lighting and construction materials and general overview of renewable energy sources.

Sponsoring Lunch & Learns provides local businesses with an opportunity to highlight their company to local businesses, contractors, developers, architects and the general public.

Lunch & Learn Sponsorship: \$350

- Logo with link on event promotions via facebook, twitter, website and e-newsletter (1750 subscribers)
