CLEARLY STATED

Letters, numbers and abstract elements are cut, rotated, deconstructed and composed to graphic effect. Education makes a bold design statement in No Rules tile and broadloom.

Design is transformative.

CUT & COMPOSE

design is transformative

WHERE
WE LEARN
MATTERS

PARTNERSHIP FOR PURPOSE

Shaw Contract Group will donate 1.5% of the sales of Cut & Compose to support the Green Apple initiative of Center for Green Schools at the U.S. Green Building Council to create healthier, safer, more sustainable learning environments.

Learn more. Take action.

WHAT MATTERS TO YOU...

OPPORTUNITY

Most of our nation's main educational facilities are more than 40 years old. Giving more opportunities than ever for you to modernize, improve and inject innovation into these spaces.

INVESTMENT

You know that it will take a huge investment over the next decade to modernize our Pre-K through higher education infrastructure.

WELL-BEING

Your efforts to improve air quality, acoustics, levels of thermal comfort and daylight will have a huge impact on the stress levels, health and well-being of those who occupy our learning spaces.

UNDERSTANDING

You bring a unique ability to understand the challenges institutions face—and how we can meet them with confidence and a sense of purpose.

MATTERS TO US.

The things you really care about and the challenges you face are of the utmost importance to us. That's why we're creating special initiatives to help.

THE GREEN APPLE DAY OF SERVICE.

This is just one way we're giving back—by giving parents, teachers, students, companies and local organizations the opportunity to transform schools into healthy, safe and productive learning environments through local service projects. To participate, partner with your local Shaw Contract Group specialist to green a classroom, revamp a recycling area, renovate an outdoor space and more.

CUT & COMPOSE GIVES BACK.

Specify Cut & Compose and you'll help support the Center for Green Schools. Its mission: to create green schools for everyone within this generation. The Center provides the resources and support to elevate dialogue, accelerate policy and institute innovation toward healthy, high-performing schools and campuses. The Center works directly with teachers, students, administrators, elected officials and communities to create programs, resources and partnerships that transform all schools into healthy learning environments.
