De La Gente has run a community led tourism program for the past 7 years, due to complications that the global pandemic of COVID-19 brought to this type of programs DLG was forced to suspend the program for over a year. Now that there is a high percentage of populations vaccinated against this virus around the world, it is safe to explore the possibility of opening the program.

For this purpose we have outlined procedures that would allow visitors and guides to be in a safe and controlled environment. Mitigation of risk is fundamental in all DLG programs. Below we describe the safety protocols that would allow us to mitigate in a way the risk of someone getting infected of this virus:

**BIO-SAFETY PROTOCOLS DURING THE ACTIVITY**

- **On transport**
  - Mandatory proper use of facemask
  - Access to hand sanitizer
  - Check of Temperature
  - Only 7 passengers per trip
  - Keep windows open when possible
  - Alternate driver if possible every 7-8 days
  - Driver must call on passengers when not using properly the facemask
  - Filling up form for safety and prevention of COVID
  - All tours should be round trips with DLG transport, private transport should be requested at least 1 day in advance

- **On site.**
  - Designated Meeting Point at CAFÉ ESTUDIO at 8:45 am where the shuttle will pick up the participants.
  - You will have access to clean bathrooms, water to drink and wash hands at CAFÉ ESTUDIO as well as the farmer’s house.
  - Please keep proper use of facemask.
  - You will have access to Hand Sanitizer at all time.
  - Social distance is important, all participants will need to keep a distance at least of one meter of between of each other.
  - Masks must be worn at all time except when drinking coffee.
