

Doing good,
feels good!

RSVP, the Retired and Senior
Volunteer Program extends
an invitation to make a difference
in Livingston County

**Answer the Call
to Volunteer!
RSVP Today!**

585-369-4294

RSVP, responding to the community's need for volunteers.

RSVP is a national program that provides volunteer opportunities for people 55 and older. Local chapters throughout the country tap into the talents and skills of adults to assist non-profit organizations that are responding to community needs.

Together we can make a difference!

As an RSVP volunteer, whatever you take on is based on your talents, interests, experience and availability. You'll choose what you do and how often you do it. We'll make sure you have a solid orientation and training, a safe place to work, supplemental accident and liability insurance and support.

A sampling of RSVP volunteer opportunities include:

- Driving for medical and other appointments
- Addressing hunger and nutrition issues
- Providing respite so caregivers get that needed break
- Tutoring or mentoring children & adults
- Coaching/advocating for older adults on health and safety issues
- Supporting veterans
- And, many other opportunities are available.

If you are ready to take on a volunteer experience that satisfies your soul, call RSVP at
585-369-4294.

RSVP of Livingston County is a program of Lifespan of Greater Rochester funded by the Corporation for National and Community Service (CNCS).
