Financial Care Management
A service of Lifespan

Trustworthy wrap-around financial care management at a reasonable cost.

From simple bill paying to compiling tax information and overseeing bank accounts, insurance matters, investments and more, Lifespan’s Financial Care Management service ensures your financial well-being.

Financial Care Management is a service of choice for older adults and/or caregivers who would like trustworthy assistance overseeing finances.

Clients who choose Financial Care Management give Lifespan a specific role; to handle financial matters via power of attorney. A power of attorney is a legal document that allows you to appoint a person or an organization to act on your behalf.

In addition to daily financial management, Lifespan can coordinate:
- Vehicle sales.
- Burial plans.
- Home maintenance.
- House sales and content removal.
- Other personalized services as appropriate.

We do not take the place of a client’s lawyer, broker, financial planner, accountant or social worker. We work with these professionals to facilitate their respective responsibilities.
