What to Do After a Disaster Strikes

- Check for damage at home
- Check for household hazards including fires
- Check on the neighbors — get help for seriously injured people
- Connect with your out-of-town contact; limit other calls unless life threatening situation arises
- Avoid downed power lines
- Monitor broadcasts for sources of disaster relief assistance

If Power Is Lost

- Contact your local power company immediately
- Turn off all major appliances
- Keep your refrigerator and freezer doors closed
- Use portable generators cautiously

If Instructed to Leave Home

- Listen for alerts from county or state agencies to find out where to go
- Look for the best exit. If the way is blocked, look for an alternate route such as windows, stairs, ramps
- Gather only the essentials if there is time
- Make sure someone (family, neighbor, caregiver) knows IN ADVANCE if you will need help/physical assistance in the event of an emergency evacuation or other emergency.

If You Have a Pet or Service Animal

- Take your pets with you
- Service animals are permitted in emergency public shelters
- Make sure you have the proper identification and equipment with you
- Check with county emergency manager to find out about pet friendly shelter plan

Other things you might need – depending on your situation

- Oxygen
- List of medications including dosages
- Doctor and Pharmacists contact information
- List of allergies
- Bottled water and/or kettle to boil water to have safe, clean drinking water
