

Research Opportunity

A new instrument that focuses on the neurobiology of eating disorders is being developed.

“What’s going on in my brain?”

Your input will help develop this tool!

It would involve:

- 1. Getting a password**
- 2. Going to a confidential website**
- 3. Answering questions about your thoughts and feelings concerning food, body, social interactions and decision making**
- 4. 15 minutes of your time**

Volunteers are needed who:

- ◆ **Have symptoms of an Eating Disorder, or**
- ◆ **Do not have Eating Disorder symptoms**
- ◆ **Male or Female**
- ◆ **Ages 18 and older**
- ◆ **Willing to participate in a brief questionnaire study**

To enroll

or for more information,

call Amber Scott at 614.896.8215

All calls are confidential.

Participants will receive a \$5.00 gift card

Study conducted at:

Neuropsychiatric Research Institute, ND,

The Center for Balanced Living in Columbus, OH* and

Eating Disorder Treatment and Research Program at UC San Diego, CA

* Study at The Center for Balanced Living is led by Laura Hill, PhD
