What is Healthy Beginnings at Home?

HBAH is a community initiative striving to reduce infant mortality through an affordable housing intervention. The program seeks to strengthen the evidence regarding the impact of increasing housing stability in addressing infant mortality, reducing adverse birth outcomes, and improving health outcomes for women and their infants, with a strong focus on reducing racial disparities.

Tips

- Lead organization should be overall fiscal agent
- Lead organization must have solid fundraising plan and capacity
- Create comprehensive budget (sources and uses) based on cost estimates early in planning process
- Establish financial tracking system before launch, including individual household usage of rent, utility, and other financial assistance
- Plan for quarterly budget review and adjustments
- Expect to have to do mid-project fundraising
- Use RFI to select the HSS provider (one provider is recommended to reduce variation and increase model fidelity)
- Develop clear funding agreements
  - Anticipate research and evaluation requirements in the funding agreements
Philanthropy Outreach

Priyam Khan
• CelebrateOne raised $952,215 in private funding over a 3-year period to support the HBAH research project.

• Total of 20 gifts, ranging in size from $250 to $250,000.

• Sources represented a wide range of stakeholders and interests, including but not limited to: housing developers, corporate partners, managed care plans, and private family foundations.
