The Brain Games Café is a monthly group comprised of people with memory loss and cognitive issues, and their loved one(s). Its main goal is to provide a safe, comfortable, engaging environment where people with memory loss and cognitive issues can laugh, learn, and remain socially engaged with others traveling the same journey. It is a time and place where people can interact, find support, share concerns and celebrate without feeling embarrassed or misunderstood. You will be provided with creative games, tasks, and activities, to help you improve your memory and cognition.
