REFERENDUM 1

The ASUAF Student Government fee funds the Student Government, KSUA Student Radio Station, Sun Star Student Newspaper, and the ASUAF Concert Board. In order to maintain the services provided by these groups to the students of UAF shall the ASUAF fee be increased effective Fall 2018 as follows?

	<u>Current</u>	<u>Propose</u>
Fairbanks Main Campus Fall/Spring	\$42	\$63
Community & Technical College Fall/Spring	\$5	\$10
Fairbanks Main Campus Summer	\$10	\$15
Community & Technical College Summer	\$5	\$7

Furthermore shall the above revenue from the Student Government fee be **redistributed** as follows:

	<u>Current</u>	<u>Propose</u>
Student Government	43%	42%
KSUA Student Radio Station	28%	25%
Sun Star Student Newspaper	12%	16%
Concert Board (no change)	17%	17%

IDK		2	2
You should really reword the SRC question. You worded it like that to trip students up. Thats really low on your part.			
With student enrollment down and the budget getting cut year after year it's time for the student government to demand cut's to statewide. There is still lot of room for them to cut from the top.			
Why have I not been told about the Student Government Perks program?			
UAF is way to concerned about image and does not put a equal amount of effort into addressing these tough issues. Those accused of sexually abusing students should have to deal with the United States court system if the UAF administration will not step up to help vulnerable people.			
Title 9 needs more attention. I absolutely hate logging onto UAOnline where the first thing you see is the comment how against sexual harassment is not tolerated on campus, yet there have been issues that are unresolved.			
This question is kinda inaccurate. The report found massive overarching failure with Title IX, (bad response times, lack of relief, bad investigations overall, etc) The 23 cases are specific sexual assault cases uaf fucked up so bad they need to reopen and look at again. Did you hear about it?			
The Title IX regulations are being constantly changed and updated but not widely shared with the student body. There is a lot of concern regarding sexual assault on campus and the penalties put in place by the university for such violations of Title IX are very unclear and should be clarified.			
The title IX office on our campus is horrible. The investigator is overloaded with cases, which causes them to fail at their job. I'm tired of waiting. It's been 2 months.			
The Student Government Perks program provided through ASUAF which gives our students discounts at numerous local businesses: PLEASE SPECIFY when the discounts are available to use such as: "Barber shop only does student discounts on Wednesdays"			
The school should make cuts among administration in order to provide students with the same services they've used before without increased fees. School is expensive enough already. Also the posters raising awareness for rape are a ploy, the school defended a rapist and needs to be held accountable.			
The reason i haven't used the perks is i rarely go off campus. The form in which i heard about the 23 cases of title IX non compliance is through a newspaper I saw laying around somewhere.			
The question about the SRC fee was hard to answer because I do not see how the new measure is different from the fees already in place. Therefore, I answered "no." This answer stands until I have further information.			
The meal plan on campus is bogus, just make sure students can eat 3 meals a day for a full year instead of making them pay a huge price just to starve for the last month of school.			
The increase is a joke when we are all paying way too much any way to get an education. What I find the most ridiculous is the Student Government Fee! I mean really.			
Take out the wood center bowling alley			
Send out a list of ASUAF discounts via email to all students. We need to know about all possible savings.			
Reduction In fees. No new fees. Lower meal plan prices. make meal plans optional.			
Please include graduate students as a group in the student body. I didn't check anything because I am a graduate student, not a "traditional off-campus student" if that means undergrad under 26, etc.			
Our Title IV office does the best that it can with the resources available. Our NDAC and other student life departments have pushed campaigns and programs to change the culture at UAF regarding sexual assault. What is ASUAF going to do about our campus problem?			
On this ballot it asks about the creation of the new SRC fee which is actually a reduction of the current SRC fee. I see this language as endorsement for the reduced SRC fee			
Not sure what the issue is, but certainly with less funding for the appropriate amount of staff (due to budget cuts), this number will be difficult to reduce without better processes.			
Not cool.			
None so far. Seems like a good election.			
none			
n/a			
Information regarding Referendum 2 is misleading. Not once do you cite it as changing an already existing fee, instead you make it sound like a new fee is being added. I recommend rewording your proposals in the future such that you do not draw the ire of the student body you seek to empower.			

Increasing the Sun Star budget will not improve the quality of the paper. The lack of applicators for editor and the low standard they set for themselves is what crippling the Sun Star. They not even a decent source to find out about what events are happening on campus
I'm tired of hearing about and seeing the word rape every day at this university. As a survivor all it does is give me a daily reminder. Thanks
I would like more awareness and updates of what happens within UAF. The police blotter should mention names of offenders as well, if it does not.
I was disgusted by the universities lack of attention and action in these cases and in general with regard to issues of sexual assault and harassment. Frankly, they are being incredibly irresponsible and need to get their shit together.
I only support the addition of an SRC use fee if the intent is to next remove the current bond fee that students pay. Otherwise, students should not have to pay any more relating to the SRC than they do now.
I haven't heard about the discounts to students at local food businesses. I would have used it I had known
I have read much of the 32-page letter that the OCR released, and I'm not sure I feel safe on campus.
I have not heard about the discounts until now.
I feel that some cases show favoritism to the victim and dismissing what the accused as well as police statements.
I feel like some of the cases shows favoritism towards the "victim".
I don't care what ASUAF does so long as it reduces fees in all sectors
I do not support David Ambrose's candidacy. I do not support a SRC fee increase (nor the creation of a new SRC fee). I do not support the non-compliance of UAF of Title IX infractions. I support Parker Merrifield for Senate.
I didn't know we got discounts at Papa Johns...they said I dont get student discounts!
I can see why Title IX office was in non-compliance. It took them over 6 months to contact me about an event I was witness to and gave me one day to decide whether or not I wanted to comment because the report had to be completed by the end of the week.
I believe that preventing our sexual assault statistics can be achieved by more aggressive rules and punishments pertaining to controlled substances on campus rather than "it's never the victim's fault" posters and attempts to get students suspended who are involved with the case.
Having experienced the Title IX process at UAF, I would like to put it on record for the student body government that the Dean of Students Laura McCullough should be removed from having responsibility over these sensitive cases, as she has proven unfit for dealing with them appropriately.
Go ASUAF! Keep doing what you're doing!
Didn't even know that Student Gov't had those perks.
Better food, better gym, less wasting money on non-important propaganda.
Bad.Why is this? why can these cases not be properly dealt with?
ASUAF needs to have control over reslife and more of the budget
am confused as to what authority the Office of Civil Rights has
ALLOW CONCEALED WEAPONS CARRY ON CAMPUS.
Actually, there were far more issues of reported non-compliance and failures related to the Title IX office. The phrasing of this question drastically downplays that. Whether purposeful or not, the question is incredibly misleading to students participating in the poll who are unaware of the report.
23 NON-COMPLIANT CASES?! FUCKING ADDRESS THAT SHIT IMMEDIATELY!
1. I can't use a program I didn't know existed (i.e. The student government perks program) 2. I don't support a fee increase of the ASUAF fee not because I don't find these groups beneficial, but because I think it's ridiculous that fee paid by CTC students was ever reduced to such a low amount.
-
These cases should be announced
Concerning, but glad they reported.
Positively
There needs to be a prompt investigation following the reported incidents and awareness needs to be raised on resources.
It's really none of my business.
Unprofessional, the ways that several organizations within UAF dealr with the situations seemed disorganized and unnuturing towards the vicitms of the atrocities.
NOT EFFECTED
Image promotes stupidity
I don't think this is nearly the wors University with this problem
Annoyed that the student body is not informed
It's good. The changes are for the betterment.
