Foreword

Gin71 was founded in May 2014 by a team dedicated to great quality spirits and excellent customer service. Through our passion and dedication, we have created bars which aim to celebrate all aspects of gin.

Our bartenders work tirelessly to keep our sophisticated cocktail list up to date, curating classics from the annals of cocktail history and creating our own contemporary expressions.

These drinks are all created using the best spirits, liqueurs and vermouths from all over the world to ensure the very best flavour.

While our focus has largely been on gin with its versatility and rich history in cocktail making, there are also plenty of other creative concoctions in here. Read on and discover a menu which features many of our own creations as well as some timeless classics.
