# OUR MISSION

“ **NHT OPENED DOORS FOR ME and pushed me to aim high in terms of my aspirations. Mr. Durocher saw me play for the first time at this camp...little did I know then that I would play for him two years later in college.** ”

BECCA RUSSO, BOSTON UNIVERSITY

The purpose of National Hockey Training (NHT) is to provide opportunities to play college hockey by offering first-rate training programs and unprecedented exposure for college bound players. We take pride in developing the whole athlete as well as playing an integral role in enhancing educational opportunities through hockey for each and every NHT participant.

## INSPIRING STORIES

“ **NHT PROVIDED ME WITH TOP LEVEL COACHING AND EDUCATION TO PREPARE ME FOR THE NEXT LEVEL. Not only was there a great deal of importance surrounding skill development, but they also encouraged one-on-one relationships with coaches and that was the main reason why I got into coaching after college.** ”
