

At The Accident Scene

- > Stay safe from traffic, fire, debris, and other risks
- > Remain calm, if possible. Check for injuries
- > Call 911 (even if it does not appear to be a serious accident) and ask for an ambulance
- > If you are safe, use this guide to obtain driver's information:

- > Name
- > Address
- > Driver's license number
- > Make and model of vehicle
- > Vehicle registration number
- > Vehicle insurance company name & policy number (**Please make sure the insurance information matches the vehicle involved in the accident.**)

- > Get names, addresses, & phone numbers of all witnesses before they leave the scene
- > Discuss the car accident **only** with the police
- > Write down the name of the police officer and the name of the officer's agency
- > Stay on the scene of the accident until the police finish their investigation
- > Write down the crash report number
- > Take photos, if you can

PLEASE TAKE PHOTOS OF ALL VEHICLES INVOLVED IN THE ACCIDENT

- > Driver's side
- > Passenger's side
- > Front
- > Rear
- > All four corners
- > License plates

IF POSSIBLE, YOU SHOULD ALSO TAKE PHOTOS OF THE FOLLOWING:

- > Street signs, traffic controls, crosswalks
- > Skid marks or brake marks
- > Scattered debris
- > Any nearby damaged property
- > Conditions (weather, traffic and/or road)
- > Landmarks (street signs or address markers)

- > If necessary, call a towing company to remove your car
- > If you are injured or hurt, seek medical treatment. Often times, it takes a couple of days before you begin to feel the pain from the accident

After You Leave The Accident Scene

- > Report your accident to your insurance company or agent. Do not provide a recorded statement to any insurance company without first consulting an attorney
- > Call or consult an attorney (bring as much documentation as possible about your accident or your injuries)
- > If necessary, obtain a rental vehicle and find a repair shop to take your damage vehicle to
- > Do not have your car repaired or replaced until you have photos of the damage
- > Do not throw away or lose evidence that may help document your accident and injuries
