January 2, 2011

Ms. Davy,

On behalf of the Big Bend Fire Department, I would like to thank you and the GFWC-WI Muskego Women's Club for your efforts in helping us obtain funding for two BLS Pediatric Jump Kits.

Being a new EMS service in Waukesha County, our hands were quite full with getting everything in order on a limited time schedule, as well as having limited funding for outfitting our ambulances. Through your efforts, our task was made much easier, both mentally and fiscally! This grant means more to our department and community than I could ever fully express.

EMS calls involving children are always a great deal more stressful and challenging due to their fragile nature and occasional inability to articulate what is wrong. Having pediatric-specific medical supplies at the ready in an easy to use system such as the Pediatric Jump Kit brings the stress level down a few notches, and allows us to provide better care to our pediatric patients.

Thank you so very much for all of your efforts in improving the quality of care for sick and injured children throughout the state of Wisconsin, and thank you for aiding the Big Bend Fire Department in our time of need.

Sincerely,

Bob Diehn

EMS Lieutenant

Big Bend Fire Department
