“Every three minutes, a child is born with a cleft lip and/or cleft palate.

A donation of \$240 helps provide surgery for waiting children. Your donation can give a child a new smile and a life filled with possibilities.” Another way to get involved is to order a kit for your club. A kit includes patterns for both the gown and the No-No Armband. Also ask for the DVD featuring Roma Downey. It would be a wonderful heartwarming addition to your meeting. Many clubs collect items for the Smile Bags. Details are in a kit.

“One child dies every 20 seconds from a disease that could be prevented from with a vaccine. Why? Because one in five children lacks access to the life-saving immunizations that keep children healthy.”

Protect 5 children against polio for as little as \$5. Donations are needed and your club may wish to participate in letter-writing campaigns, attending public meetings, and even holding information sessions with elected officials to advocate on the importance of life-saving vaccines for children in developing countries. Educate your clubwomen about life-saving immunizations.

“Every night, one in eight people in the world go to bed hungry. At the heart of the solution are smallholder-farming families...and women.”

Request a GFWC Program Kit: “12 Stones” DVD, brochures and Heifer Gift Catalogs, and animal button pins. The DVD is about 20 minutes and makes for a wonderful meeting program; it’s a beautifully done documentary of our work that was filmed about our work with women farmers in Nepal. We are currently holding an online fundraising campaign for GFWC to help rebuild our work in Nepal during the aftermath of the earthquakes ([click here for more information](#)).
