Wetsuits are not available for rent on board. Water temperature ranges from 27C to 31C (80F to 88F) depending on the season. Many people find a full 3mm wetsuit comfortable in these water temperatures. When deciding what will work for you, consider that you will have the opportunity to dive as many as five times a day and it takes your body a while to warm up after each dive. Wetsuit needs are different for everyone.			
Tanks: Standard aluminum 80cf (10l) tanks are provided at no charge. Specialty tanks are available at an additional charge.
