6 Works from Markues' exhibition "Starschnitt" @ Kai Matsumiya, New York City

Until the 17th of July New Yorker's have the opportunity to see Berlin based artist [Markues](#)' first exhibition in the US at [Kai Matsumiya](#) gallery, Lower East Side (invitation card above). Here's a little preview of Markue's collages, though which the artist deconstructs historical and contemporary images and turns them into colorful, abstract new bodies of work with a transformative spirit. For more information about the show and the full video of Markues' installation piece "Meine Welt", which is also part of the exhibition, please [visit the gallery's website](#), for exhibition views [visit the artist's website](#).
