About This Conference
The 19th Annual Nursing Summit, sponsored by Kansas Emergency Nurse Association is offered as continuing education for health care providers. By attending participants will have a better understanding of the factors that influence violence, how it impacts the community, and the care we provide to the patients and their families. Registered attendees will have the opportunity for 6 nursing CE credits.

Conference Objectives:
- Identify the seven main classifications of drugs and discuss how they may impact the potential for violence
- Discuss the impact of the opioid epidemic in the US
- Discuss the change in perspective of an ED Nurse suddenly faced with a violent family tragedy
- Discuss organ and tissue donation the decision to give and advocating for Midwest Transplant Network
- Discuss the interaction with law enforcement and the judicial system
- Discuss mass casualty events of 1 October 2017.
- Discuss the lessons learned: what went well and opportunities for improvement and how they could impact your practice
- Recognize the impact of mass casualty incident on the mental health of the prehospital, hospital and family social dynamic
