Curated Entertainment is a one-of-a-kind, innovative artist collective comprised of six of San Francisco's most prominent performers of awe-inspiring magic, music and dance.

We are committed to bringing your event themes to vivid life by **designing and delivering** fully customized, cohesive and immersive entertainment, under the artistic direction of events industry professionals, Heather Rogers and Velia Amarasingham.

To scale up, we work with your preferred talent agency to incorporate additional artists.

## Cohesive Entertainment Design

All of our one-of-a-kind, scalable entertainment designs are intended to engage your guests' senses and spark their imaginations through extraordinary, 3-part experiences:

**Part 1** – Upon arrival, guests are immersed in lush, ambient soundscapes and welcomed by visually stunning, interactive costumed actors.

**Part 2** – Mesmerizing, close-up magic is performed, alongside actor-led group activities, to engage and delights guests, while punctuating the theme.

**Part 3** – An awe-inspiring, fully staged and choreographed finale is performed, featuring custom music, magic and feel-good audience participation.
