

ASPO 2017 Summer Course Program Information

Course Highlights

Frontiers in Pediatric Otolaryngology is offered by the University of Colorado – Department of Otolaryngology. Its aim is to focus on the field of Pediatric Otolaryngology from the perspective of clinical advances. We will strive to have discussions relevant to patient care and increased audience participation.

The participating faculty of Frontiers in Pediatric Otolaryngology are drawn from a broad-based representation of major pediatric centers across North America as well from the European Society of Pediatric Otorhinolaryngology.
