Ready & eager for challenges

EDUCATION

Elmhurst College (2010 - 2014)

Bachelor of Arts in Graphic Design
Minor in French

Chester University, England (Fall of 2012)

Graphic Design and French

ART & DESIGN EXPERIENCE

Cultural Media | Freelancer (March 2015 - January 2017)

Working alongside an advertising and print publishing house for museum magazines across the nation, I worked to ensure the quality and identity of the company's brand. Role included providing advertising artwork within magazines for client brands, occasional layout design, updating and maintaining the website, developing printed publications into digital magazines optimized for tablets, creation of media kits, and a greater understanding of print layout and production

Freelance Artist & Designer (2009 - Present)

Various projects include branding and logo design, business cards, website design, wedding suites, brochures, layout design, posters, murals, and fine art pieces

Paint Nite | Art Instructor (2015 - 2016)

In the role of an art instructor for a painting event company, I taught the basics of working with acrylic paint to large groups looking for a relaxed night of painting, drinking, and fun. All events required the set up of proper materials needed for the guests, a previously painted master painting, and a duplicate painting to work on with the guests as I took them through the steps of each painting while providing a sense of entertainment and fun

The MiddleWestern Voice | Creative Director & Designer (2013 - 2014)

Oversaw design and production for Elmhurst College's annual journal publication featuring student's literature, art, and music. In addition to designing the journal, I lead a team who juried and chose the artwork to be published

The Julien Art Centre | Assistant Art Teacher (2008 - 2010)

Assisted in teaching various mediums of art to students ranging from first grade to high school. I helped in applying beginner to advanced techniques as well as the foundations of art through acrylics, watercolor, oil paint, pastels, and graphite pencil

RECOGNITION

Designer of Adler Planetarium's Member Magazine, *Adler Star*, in spring of 2016

Illustration featured in permanent art collection at Elmhurst College's Library
