

Directions:

To Assemble:

- 1) Remove the protective covering from the brass rod on the base piece.
- 2) Line up the small hole in the base of the main part of the sculpture with the brass rod.
- 3) Gently slide the upper assembly down and over the rod. The point of the rod should come to rest in the hole directly above the lower hole.

To Wind and Start:

Hold the upper base piece in one hand and turn each winding wheel twenty turns counter-clockwise.

Turn the hexagonal wheels clockwise.
