Veterans Equine Trail Services (V.E.T.S.)

The mission of V.E.T.S. is to help veterans regain a sense of purpose and self-determination by fostering the bond between a horse and a human being. We hope to bring light to shadows, warmth back to cooled hearts, and joy in living back to those who might be struggling. The Veterans Equine Trail Services is a path that leads veterans towards inner healing. Each person has their own trail towards healing and it is our goal to enrich the lives of veterans suffering from post-traumatic stress disorder (PTSD) and other issues associated with time in service.

Lifestriders

LifeStriders Therapeutic Riding Program incorporates elements of Cognitive Behavior Therapy, Physical Therapy, Occupational Therapy and other modalities in order to address the needs of each client. These fun and interactive sessions focus on clients' unique strengths in order to help them meet their individual challenges. Children and adults with special needs can experience the beneficial physical and mental benefits achieved through working with horses as partners in healing.
