Restaurant Expansion

SQUARE FEET:
1,014 SF

LOCATION:
Greenwood Village, CO

VENICE RISTORANTE

Venice Ristorante is a five-star Venetian dining restaurant with three locations in Denver, Colorado.

VENICE DTC

Venice Ristorante provides authentic Italian cuisine in three separate locations in Denver. The Venice DTC location was looking to expand the restaurant kitchen, bar, fireplace, and offices while creating more space for dining. The project required research into new codes, construction while the restaurant was still open, and interior finishes that would complement the existing restaurant. A unique feature of the addition was to separate the expansion with fold down walls that would not only meet the updated code requirements but also create a special banquet area for large parties.
