Just a reminder of the concept and design of the conference and the program itself

The program is basically divided into three parts.

The first day is with the helicopter manufacturers,

“Day One – The Helicopter Manufacturers Mercantile and Commercial”,

the second day contain different topics related to the conference headline,

“Day Two – The Safe Offshore Helicopter Operations Professional”,

and the third day is on what we call the “fixed presentations”; from the Ministry of Transport, the aviation authorities, airport and air traffic management owner (AVINOR) and the main organizations representing the employers and employees

“Day Three – The Overall Offshore Helicopter Operations and Aviation Transport Policy”.

Welcome to Sola for three exciting conference days at Solakonferansen 2018!

Until then, all the best from here – Flight Safety First – We wish you, all and your loved ones, a nice summer break.

Sola, June 25th, 2018.

With kind regards,

On behalf of the Board of Stiftelsen Solakonferansen (The Sola Conference Foundation),

Håvard Haugen (sign),
General Manager

Solakonferansen/The Sola Conference

For Safety in Aviation – the most important independent arena for debate and exchange of knowledge.

For those having new knowledge – those who are in need of knowledge – those who want to obtain knowledge (SKB/Oct 13).
